## Documentation of Union Representative to TAG

| Date       | Organisation | Response  | Comments |
|------------|--------------|---|----------|
| 17/04/2026 | AMWU         | <p>Paul Baxter identified that their membership base does not have a significant member base in automotive at all (AMWU has limited tyre fitters)</p> <p>There is nothing regarding general mechanics or automotive tradespeople or ADAS technicians or technology in either union to my knowledge.</p> <p>They are always happy to contribute to public consultation but don't believe being on a TAG would be relevant in the case of ADAS.</p> |          |

## Documentation of State and Territory Representative to TAG

| Date       | Organisation   | Response?                            | Outcome                           | Comments |
