RIISS000X2 Rotary Air Drilling Operations in Single Non-Flowing Aquifer Systems Skill Set

DRAFT

Release: 1

RIISS000X2 Rotary Air Drilling Operations in Single Non-Flowing Aquifer Systems Skill Set

Modification History

Release	Comments
1	This skill set was first released in RII Resources and Infrastructure Industry Training Package Release 13.0.

Description

This skill set addresses the skills and knowledge required for waterwell drillers conducting rotary air drilling. It aligns with Class 1 licensing requirements for operations in single, non-flowing aquifer systems.

Licensing/Regulatory Information

Licensing, legislative, regulatory and certification requirements that apply to this skill set can vary between states, territories, and industry sectors. Relevant information must be sourced prior to application of the skill set.

Pathways Information

The units provide credit towards the RII3182X Certificate III in Drilling Operations or equivalent, and towards other qualifications that allow for selection of these units.

Entry Requirements

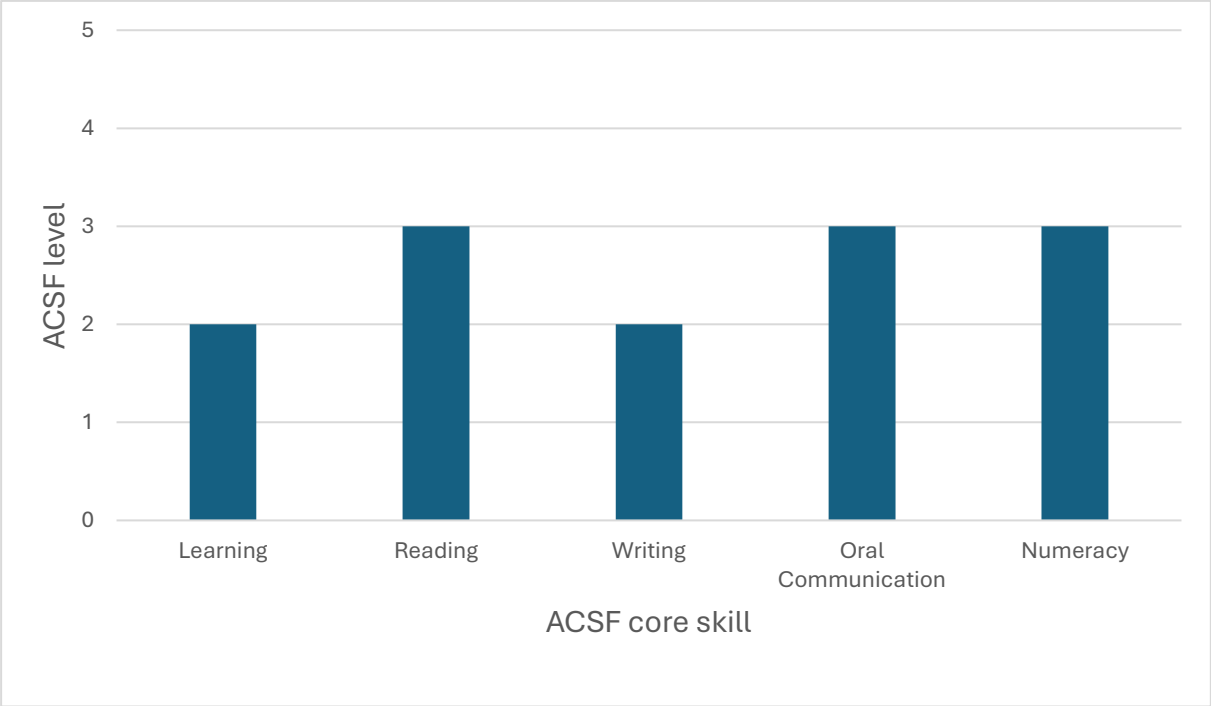

There are no entry requirements for this skill set.

Foundation Skills Outcomes

The foundation skills outcomes in this skill set are outlined below.

DRAFT

Skill Set Requirements

Code	Title
RIINHB325E	Construct single aquifer bores
RIINHB328X	Conduct rotary air drilling

Pre-requisite Requirements

There are no pre-requisites associated with units packaged in this skill set.

Skill Set Mapping Information

Previous Code and Title	Equivalence	Comments
	Newly created	This skill set has been created to address a requirement by industry.
