|----------------------------------|--|
| Qualification code | RII411XX |
| Qualification title | Certificate IV in Drilling Oil & Gas (Onshore) |
| Qualification description | <p>This qualification reflects the role of individuals such as drillers working in an onshore oil & gas context. They perform tasks involving a broad range of varied activities most of which are complex and non-routine. They are responsible for the quantity and quality of the output of others and contribute to the development of technical solutions to non-routine problems.</p> <p>Licensing/Regulatory Information</p> <p>Licensing, legislative and certification requirements that apply to this qualification can vary between states, territories, and industry sectors. Relevant information must be sourced prior to application of the qualification.</p> |
| Entry requirements | Nil. |
| Packaging Rules | <p>The following provides the packaging rules for this qualification, followed by the list of relevant units of competency.</p> <p>Total number of units = 12</p> <p>7 core units plus</p> <p>5 elective units, of which:</p> <ul style="list-style-type: none"> at least two (2) must be chosen from Group A no more than two (2) may be chosen from Group B no more than two (2) may be chosen from elsewhere within this training package, or from another endorsed training package, or from an accredited course. <p>All elective units selected from outside this qualification must reflect current occupational and learning outcomes of this AQF qualification level.</p> <p>There are prerequisites to imported units listed in this qualification. Where a unit is imported as an elective care must be taken to ensure that all prerequisites specified are complied with.</p> <p>CORE UNIT CODES AND TITLES</p> <ul style="list-style-type: none"> BSBOPS404 - Implement customer service strategies RIIERR405 - Control emergencies and critical situations RIIOGD401E - Rig up, conduct pre - spud operations and rig down RIIOGD402E - Participate in nippling - up and pressure tests RIIOGD403E - Conduct drilling operations RIISAM404 - Monitor oil and gas equipment maintenance RIIWS405D - Maintain standard procedures and safe working practices <p>ELECTIVE UNIT CODES AND TITLES</p> |

| | |
|--|--|
| | <p><i>Group A</i></p> <ul style="list-style-type: none"> • RIIBEF401E - Manage non - routine and complex technical situations • RIIEER401E - Apply and monitor emergency preparedness and response systems in surface operations • RIINHB326 - Conduct coil tube drilling • RIINHB327 - Conduct cyber chair drilling operations • RIIOGD404E - Coordinate air drilling operations • RIIOGD405E - Carry out well control and blow out prevention operations • RIISV402D - Conduct well servicing milling operations • RIISV404D - Conduct fishing operations <p><i>Group B</i></p> <ul style="list-style-type: none"> • BSBOPS404 - Implement customer service strategies • BSBHRM413 - Support the learning and development of teams and individuals • MSMPER300 - Issue work permits* • MSMWHS201 - Conduct hazard analysis • RIICOM301E - Communicate information • RIQUA401E - Apply a quality management system on site • TAEDEL311 - Provide work skill instruction <p><u>*Note the following prerequisite unit requirements</u></p> |
| Qualification mapping information | Supersedes and is equivalent to <i>RII41120 Certificate IV in Drilling Oil & Gas (On shore)</i> . |
